

Getting started with Reports

<

Use Cases

Quick Tips

Examples

You can use Reports however you like. Here are a few examples:

**Notes to self**  
Add a graph to reference later.  
[See Example →](#)

**Work log**  
Track what you've tried and plan next steps.  
[See Example →](#)

**Collaborate**  
Sharing findings with your colleagues.  
[See Example →](#)

Featured Reports
